Chairman says:

What a wonderful 07-08 year for THT! I am so proud to be the chairman of the club and see that the kids are growing up and getting stronger and stronger. I can also see more parents enjoying rugby and getting closer to the club. This year, it is also the first year to partner with the Kowloon Club. With the support of the Kowloon Club, I envisage that we will be more success in the coming year.

Within the club, two difficult tasks have been accomplished; a colourful and remarkable jersey was born and your kids look much smarter than before. Secondly, this has been delayed for so many years, even before I become the chairman of the club, our website: www.tht-rugby.org.hk , Thank you, James! Also, I have to mention again that THT Touch Rugby Team has been set up recently to gather all parents, senior and ladies who are interested in running around the pitch and playing rugby. I wish the team great success this year and thank them for their devotion to the club.

Finally, on a personal note, it has been a rewarding experience to serve as the Chairman for THT this past season. I would also like to take this opportunity to thank the coaches and the committee for their hard work and dedication over the past year, and for most, in the past many years.
